

WHY WE PARTICIPATE

Due to the new pricing model recommended by the PennPAC team, we have increased our client base and revenue.
-- Non-profit Client

I couldn't have paid people to do a better job.
-- Non-profit Client

The PennPAC team provided a solid analysis of our situation. The team has now brought us to the next tier.
-- Non-profit Client

The final recommendations are really useful and its depth and breadth will help inform our work. As we have a small staff, we are so grateful for PennPAC's competent and efficient team.
-- Non-profit Client

The work was better than some work we had recently received from paid consultants.
-- Non-profit Client

This is Penn pride at its best!

PennPAC provided valuable intellectual support to an organization that, due to financial constraints, would not otherwise have access to the same quality of analysis.
-- Alumni Volunteer

It was empowering taking the expertise I have gained in my professional and volunteer careers and applying it to an organization that greatly benefited from our recommendations.
-- Alumni Volunteer

Not only did I enjoy working on the project with the client, but it was exciting being able to work with other Penn grads and connect with them over a common goal. -- Alumni Volunteer
